Programming and Databases: Python, SQL, MySQL, HTML, CSS, PHP

Analytics and Reporting: SAP Lumira Discovery, SAS Studio, Microsoft Excel, Minitab, data analysis, KPI reporting

Productivity Tools: Microsoft Outlook, Word and PowerPoint

AI Tools: ChatGPT, Microsoft Copilot, Gemini and Claude

PROFESSIONAL EXPERIENCE

Application Analyst, Supply Chain Management | Jan 2024 - Dec 2024

Intellier Limited - Payra Port Authority Project | Patuakhali, Bangladesh

- Supported ERP and application workflows for procurement, commercial, inventory, warehouse, and MIS operations under an on-site IT support and software maintenance project.
- Gathered operational requirements and translated business processes into SOPs, workflow documentation, checklists, and functional guidance for users and technical teams.
- Prepared SOPs for manual and e-GP tender processing, foreign procurement documentation, procurement requirements planning, filing and sorting, and warehouse safety-stock management.
- Contributed to UX and process design for ERP/software improvements and smart-building management initiatives supporting smart-port development.
- Designed shipment-status, shipping-demurrage, landed-cost, commercial reporting, and supply-chain KPI templates to improve visibility and decision support.

Senior Executive, Supply Chain Management | Jun 2022 - Sep 2023

Akij Food & Beverage Limited | Dhaka, Bangladesh

- Managed procurement and supply-chain activities including stock review, purchase requirements planning, vendor sourcing, quotation collection, comparative statements, and supplier selection support.
- Coordinated purchase orders, proforma invoices, insurance, letters of credit, shipping documents, customs clearance, C&F activities, warehouse receipt, and accounts documentation.
- Monitored shipment progress, delivery schedules, safety stock, reorder requirements, and warehouse availability to support continuity of supply.
- Verified C&F bills and supporting documents and performed landed-cost, import-cost, and demurrage calculations before submission for payment and adjustment.

Senior Executive, Foreign Procurement | Aug 2021 - Feb 2022

Bengal Group of Industries | Dhaka, Bangladesh

- Handled end-to-end foreign procurement processes from purchase requisition review and supplier communication through shipment documentation and delivery coordination.
- Prepared and reviewed purchase orders, proforma invoices, sales contracts, LC applications, insurance documents, amendments, and import-related bank submissions.

- Coordinated with suppliers, banks, freight forwarders, C&F agents, customs, warehouse, finance, and internal stakeholders to resolve documentation and shipment issues.
- Reviewed commercial invoices, packing lists, bills of lading, certificates of origin, bills of entry, and other import documents for accuracy and compliance.
- Supported landed-cost calculation, shipment tracking, customs documentation, and port/shipping demurrage analysis.

Officer, Foreign Procurement | Mar 2018 - May 2020

Partex Star Group (Danish) | Dhaka, Bangladesh

- Managed import procurement documentation, supplier follow-up, purchase orders, proforma invoices, LC processing, insurance, and shipping-document review.
- Tracked shipments and coordinated with banks, freight forwarders, C&F agents, customs, warehouse, and accounts teams for timely clearance and receipt.
- Checked commercial and customs documents, verified C&F bills, and supported landed-cost and importable-product cost calculations.

Supply Chain Officer, Foreign Procurement | Mar 2016 - Feb 2018

Globex Marketing Company Limited | Dhaka, Bangladesh

- Supported foreign sourcing, quotation evaluation, purchase-order processing, LC documentation, insurance, shipment tracking, customs clearance, and warehouse receipt.
- Coordinated with overseas suppliers, banks, logistics providers, C&F agents, warehouse, finance, and internal departments to maintain import schedules.

Logistics and Administration Officer | Mar 2014 - Feb 2016

Chittagong Container Transportation Company Limited | Chattogram, Bangladesh

- Coordinated container transportation, port-area logistics, delivery scheduling, documentation, and administrative support for supply-chain operations.
- Maintained logistics records, communicated with drivers and operational stakeholders, and supported timely container movement and delivery follow-up.

SELECTED PROJECTS AND ACHIEVEMENTS

- Procurement and ERP Process Improvement: Developed SOPs, checklists, workflow documentation, and reporting templates for tender processing, foreign procurement, warehouse safety stock, shipment status, demurrage, landed cost, and supply-chain KPIs.
- IT and Python Projects: Contributed to smart-building, UX, and ERP/software requirements for Payra Port Authority and built Python applications including a Library Management System, Student Performance Report Generator, Loan and EMI Calculator, Shopping and Tax Calculator, and Time Converter.
